

Primary

PlaySight @ The Lights

Exciting new technology to make analysing technical & tactical skills easy!

\$8 per student includes:

- Lesson Plan
- 'How to Use' Guide
- 2 hrs at The Lights
- Game performance data
- Unlimited access to your footage
- Curriculum links
- Simple pre-visit and post-visit activities
- Easy data collection

Tech Features:

Interchange between 6 camera angles ● Instant replay feature
Ideal tool for data collection ● Create mini clips from the recordings
Add on drawings and voiceover (great group task)

It's as easy as:

1. Create PlaySight accounts
2. Record your session at The Lights
3. Data is saved to your user
4. Enjoy learning and utilising PlaySight

playsight

Bookings Include:

- Easy to follow guide on how to use PlaySight and utilise data post-session
- Year level appropriate lesson plan: 3-4, 5-6 and 7-8
- 2 hours on Court at The Lights to record your session (6 different camera angles: SmartTracker, overview, half court A, half court B, side A, side B)
- Full access to recordings and clips post session to edit, review, add voice over and/or drawings.

Note: Only you and your students will have access to these recordings

- Review footage to improve fundamental & specialised movement skills and tactical decision making
- Add student voiceovers explaining their tactical and technical decisions
- Video footage provides valuable information to teachers when assessing students' physical skills, knowledge and understanding of games in the practical setting

PlaySight Technology provided an opportunity for my students to analyse their own game performances and then apply critical thinking processes to generate and assess solutions to challenges presented during games. This technology supported the development of good decision-making by allowing my students to re-visit the outcomes of their actions post-game. **Highly recommended for PE teachers ready to take their teaching and learning to the next level!**

- Scott H, St Francis Xavier's Catholic School
