PlaySight @ The Lights

Exciting new technology to make analysing technical & tactical skills easy!

\$8 per student includes:

- Lesson Plan
- 'How to Use' Guide
- 2 hrs at The Lights
- Game performance data
- Unlimited access to your footage
- Curriculum links
- Data collection templates
- Pre-visit and post-visit activities

Tech Features:

Interchange between 6 camera angles ● Instant replay feature
Ideal tool for data collection ● Create mini clips from the recordings
Add on drawings and voiceover (great group task)

It's as easy as:

1. Create PlaySight accounts
2. Record your session at The Lights
3. Data is saved to your user
4. Enjoy learning and utilising PlaySight

achper
SOUTH AUSTRALIA

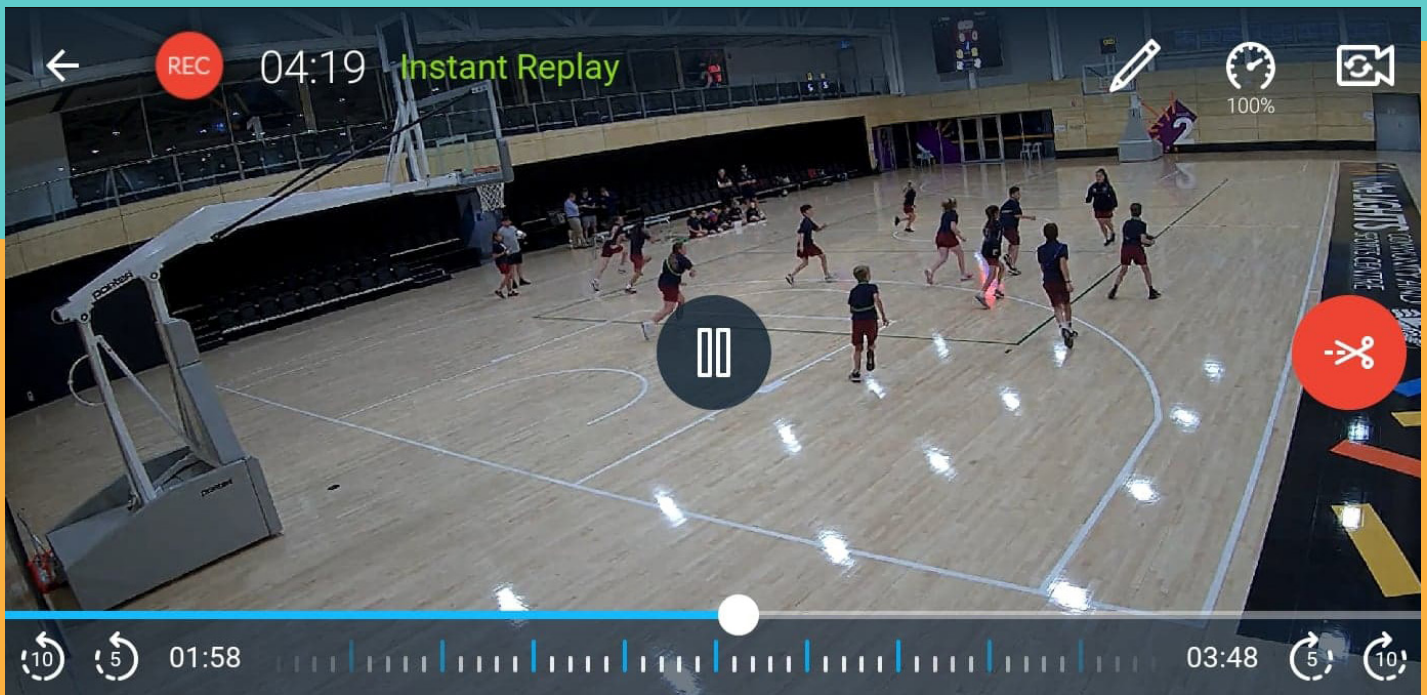

playsight

Bookings Include:

- Easy to follow guide on how to use PlaySight and utilise data post-session
- Year level appropriate lesson plan: 7, 8, 9, 10 and 11-12
- 2 hours on Court at The Lights to record your session (6 different camera angles: SmartTracker, overview, half court A, half court B, side A, side B)
- Full access to recordings and clips post session to edit, review, add voice over and/or drawings.

Note: Only you and your students will have access to these recordings

For SACE and middle school PE programs, the use of Playsight for data collection:

- Supports the exploration, analysis and evaluation of evidence, particularly related to tactical awareness and decision making
- Enhances collaboration between students and teachers
- Informs the development and implementation of strategies for improving movement strategies
- Facilitates reflection on and evaluation of participation and performance improvement.

PlaySight technology is a fantastic data collection tool for analysing the technical and tactical elements of sport. Not only can you capture footage from a variety of angles, but you can also tag specific data you want to collect with ease. The post-visit review option on the App allows you to edit, draw and add voiceovers to clips – a great tool for both middle years and SACE Stage 1 & 2 PE. **The educational resources provided support the teacher in utilising the technology, which build capacity in your students to be data literate.**

- Shane H, Head of PE (Year 7-12) Wilderness School
