

Looking for a place to study?

We know that it can be hard to study at home. We know it can be even harder to find a space to study on campus!

We are offering free study spaces at the centre for High School or University students, simply bring your student ID with you. The Lights is fortunate enough to have Library smart lockers for pick up & drop off services via the Libraries SA one card network. Study spaces are available for individuals, groups and group projects.

Facilities that can be available include:

- 2 meeting rooms for 4-6 people. Meeting rooms have a TV that can be used to share a computer screen for group projects. To use this space for a group project, bookings are essential and limited to 2 hours.
- Quiet study spaces in our community rooms
- Individual or group spaces in our function rooms
- Free Wi-Fi

Spaces are subject to availability. Phone **8405 6670** or email **thelights@cityofpae.sa.gov.au** to enquire. 244 - 270 East Parkway Corner Hampstead Road and East Parkway, Lightsview
